Save the Date for the 10th Anniversary

# Humankindness Gala

Thursday, May 22, 2025

San Francisco City Hall

♥

## Post Gala Executive Breakfast

Because one evening is simply not enough, we are continuing the celebration with a morning after Executive Breakfast on **Friday, May 23 at 8:00AM**.

This intimate event is an opportunity to mix and mingle in a business casual environment with the leaders of CommonSpirit, and learn more about our nationwide work. Event access is associated with your gala sponsorship benefits.

- One (1) Table of ten (10)
- Listing in event program
- Placement of logo on event signage
- Placement of logo on webpage
- 1 Guest seat at the Executive Breakfast

# You're what Humankindness is all about.

The Humankindness Gala was created to unleash the power of humanity on major health and social issues facing our communities. The evening supports our neediest neighbors to embrace hope by funding important health justice initiatives at CommonSpirit.

## Violence Prevention

Violence undermines physical and mental health and is often driven by social and economic inequities. CommonSpirit is proud of its system-wide program to identify and assist victims of human trafficking, abuse, neglect, and violence.

Your support helps us train thousands of physicians and caregivers to understand the signs and identify the thousands of patients and families impacted by human trafficking and violence, and connect them to resources that help them regain their health, their freedom, and rebuild their lives.

## Behavioral Health

Behavioral health is a national epidemic affecting one-in-five adults, many who go undiagnosed and untreated. Those living below the poverty level are twice as likely to be impacted. CommonSpirit's emergency departments are often the first refuge for people in mental health crises.

Your support helps CommonSpirit expand programs that address the stigma of acknowledging mental health challenges; more quickly and accurately screen patients; and provide better and faster opportunities for patients to see mental health professionals who understand their needs.

## Healthier Communities

Caring for the whole person goes beyond the walls of the hospital. CommonSpirit is committed to offering programs that address the factors that contribute to poor health such as the lack of good housing, healthy food, safe transportation, and resources for aging patients. We've created Community Care Networks that help people navigate the complex health care system and access available resources inside and outside the hospital.

Your support helps CommonSpirit expand these critical programs that are proven to improve health outcomes for those most vulnerable in our communities.

## More in Common Alliance

A historic partnership between Morehouse School of Medicine and CommonSpirit Health to address the lack of representation among care providers.

Your support helps us to expand undergraduate and graduate medical education programs that train the next generation of culturally competent health clinicians and researchers.

## Lloyd H. Dean Institute for Humankindness & Health Justice

The institute is building education, training, and research programs that apply the power of Humankindness to treat the social causes of poor health and advance health justice. Leveraging the science of kindness, compassion, empathy and trust to address systemic barriers to good health, the institute explores the impact of these principles in health settings to improve outcomes among diverse populations.

Your support helps us transform how we better understand the needs of those who are vulnerable.

# Thank you!
